• Subject Committee Meeting -

I am working in political science department in my college and my single man department. Therefore, to carry out various activities in this department, I Hon. Principal Dr. Organizes subject committee meetings with Subhash Gavane sir. This year the number of these meetings is three (03).

• Trips, get-togethers-

The trip was not an independent trip of our Department of Political Science but I was present on behalf of the Department of Environmental Science and History for a one-day trip to Lonar on 28th March 2023. Also I was responsible for the musical Fish Pod in the 2022-23 convocation of the college. I conducted it successfully and 40 children participated in it.

• Study / Assignment / Homework -

Assignments were given to all the students taking Political Science subject. Among them B.A. Part 1-35, B.A. Part 2- 26, B.A. Episodes 3-11, a total of 72 have been received.

• Extra Hours -

According to the changes made by the University in the Academy Calendar for the academic session 2022-23, additional hours have been conducted on every Sunday.

• Co-operative Undertaking -

I teach Political Science and work as the Coordinator of Political Science Board of Studies. Along with the College Award and Scholarship Distribution Committee, Student Voter Registration Committee, Student Welfare Scheme Committee. Also works as a coordinator of etc. Apart from this, Competitive Examination Committee, Attendance and Penalty Determination Committee, Women Sexual Harassment Prevention Committee, UGC Scheme Committee and Website Updation Committee. etc. is involved as a member. All the committees I have coordinated have been reported in descriptive form on the next page.

• Social Enterprise –

As I am appointed as Regional Coordinator by the National Service Scheme Department of Sant Gadgebaba Amravati Vidyapitha, I get the opportunity to participate in various social activities through RASEO. This year, RACEYO students had the opportunity to address, as well as participate in RACEYO's tree plantation, labor camp and other activities.

• Special Activities-

Digital technology is used in teaching for student development and increasing student participation in the learning process. Students are shown videos and other useful information about various political events and halls of the world. Apart from this, various PDF materials are also provided to the students from the point of view of providing information other than the syllabus. It is important for their overall development.

• nack -

Working as a member in NAAC committee of my college, I have Six (06) number "Government Leadership Ad Management" of hundred marks criteria It was a responsibility. All information required to submit IQAR of session 2021-22 to NAAC Deposited in the office. In terms of the future, Hon. Principal and It has been discussed with the coordinator from time to time. Also now I have a nack coordinator So the responsibility has come. So successfully manage it to your college I will try to get a good quality rating of NAAC.

No.4. Feedback Analysis Report**1.4.1 FEEDBACK SYSTEM :****TEACHERS FEEDBACK :**

Since 2008 our institute takes feedback of the teachers at the end of the session every year. All the teachers have to keep proper record in written form and have to submit it before management likewise parent of the class and its number, students parents contact , feedback on taught syllabus , seminar, parents gathering adopted students and spend amount on them, subject wise meeting record , participation in administrative committee, academic committee, research papers in conferences and workshops attended, extra classes , social activities, books purchased during the years etc. Everyone has to present record on above points. The record of all teachers information is collected together and published every year. Management encourages staff for doing innovative things. They hail teachers for their achievement like the award of Ph.D, Ph.D supervisors, BOS , Senate, various awards and other achievements. They appreciate them before staff by giving shawl shreefal and bouquet for the same. This way management takes feedback of the teachers and takes action on the suggestions made by teachers.

PARENTS FEEDBACK:

Principal has distributed classes among the teachers and they are expected to make contact with the parents to get proper information of the social and economic background of the students. At the same time teachers give information of the students' presenty progress and participation in various activities to the parents. If we find any students not in good economic condition we offer them scholarship or books.

This activity we run since long back. Teachers visit individually to their residence to get in touch with the parents. We have prepared a parent feedback form which includes name and contact number. Some questions are frame in such a way that help us get proper information of the students and their parents educational social and economic condition like. why did you choose our college to take admission ? Their opinion about the regularity of periods in college whether college organised programs benefitting to students career ? Suggestions also are welcomed for reformation in the facilities given to the students in sports, library, cultural programs etc.

In short we get valuable suggestions from parents and improve our services. Teachers collect these forms filled by parents and keep as a record every year. On such suggestion college takes appropriate actions for the betterment of the services.

We have made some changes as per the suggestion made by parents and students like better common room for the girls, dress code, more books from library, separate reading rooms for the girl and boys, more time for reading and new books of MPSC and other competitive examinations.

Students feedback

Our institute emphasises on students development while taking degree education. We try to provide all essential facilities and programs for their all round personality development but still we sick more suggestions from them through feedback. In feedback form their identity is not disclosed to get objective results. More than 20 questions are given in the feedback form to collect their suggestions. It includes library facility, sports activities, NCC, NSS, teachers performance, organisation of seminars, group discussions, internal exam evaluation, field projects, cultural programs, placements, extension activities, experiential learning, use of ICT in teaching etc.

Students also feel free to register their opinions. Our students are ever ready to take action on the positive suggestion of the students regarding the above facilities. When we analyse this form objectively anybody can come to the conclusion that 80 to 90% students have shown their satisfaction about college and their requirements. Some students have pointed out about the sports facility and the ground. Some of them have appreciated stock of library books but also suggested to provide one more book for the year. Some of them have suggested updating the computer laboratory version. Some of them have suggested that they have the latest smart classrooms.

Our institute takes all the suggestions and complaints positively for the development. As for the suggestion we have increased sports facility library extra books and also decided to update existing smart classrooms.

Alumni feedback

Since our institute has a long history of aluminium and their connectivity with us. Since 1965 many of our students have smartly performed on many levels. Judiciary administrative army teaching field politics and social work they have helped society for upliftment. We feel honoured to call them on campus for programs. Their presence and experience inspire present students. Some of the NGOs are doing well in society. We feel elevated when they appreciate the institute and mention the names of the great teachers who shaped them. They call themselves "we are the SPM brand". Because where they go they stand with confidence and keep their footprints of holistic behaviour.

When we analyse their feedback we experience those days and batches once in college. Their mention of memories of sports NCC NSS and cultural events make us younger and energetic. Some of them opinions are - "our college teachers how to leave and create our own

imagined society". "Good infrastructure expert faculty cooperative eminent institute". "A place where I made the strong foundation of my life". "SPM college is the best college for the regular students, they teach how to behave with society that's why SPM college is the best" etc.

Aluminium also has appreciated facilities available today in college. Had their time minimum facilities were there but presently there are a lot of facilities. While guiding students advise them to enrich themselves by teachers, alumni of various fields had run Sunday lecture series to make the present students of job opportunities in various fields . Sach lectures were organised online for an hour every Sunday.

We take their suggestions for the development of college. Some of the things are all the results of their suggestions.

As per the motto 'Vidya Param Daivatam' in our college the entire education process is based on the student because they are one of the important parts of the education. In accordance with that, we have been implementing this concept of 'Mahavidyalay Aaplya Dari' to reach the students for the past several years. We have named it as 'Palak Sampark Abhiyaan'. Our main objective is to communicate with students and parents. This facilitates the progress of education, and helps to understand the educational, social and economic status of the students. By creating class parents through the college, the professors interact with the students and parents. His complete personal information is filled in the parent contact form. It shows the problems of the students. We are trying to solve those problems through various means. Apart from this, the student who does not come to college, does not take interest in studies, this matter is noticed through parent contact. Keeping in mind the problems of such students, we are trying at all levels to solve them. Also, every activity implemented in the college, the class parent contact campaign in the college is implemented keeping in mind how the students will benefit from the scheme of the university. Through this, the condition of the students is understood and attempts are made to contribute financially to the promising, financially weak and needy students by giving scholarships and awards in the college. It includes actual cash scholarships, competitive exam books, college uniforms, exam fees etc.

Vision / Mission

The mechanism of the student centralized education has been being implemented, with the aim of developing the students holistically and bringing them into the stream of education, efforts are made to actively involve the parents along with the teachers in the education process.

Objectives

1. To strive for overall development of students.
2. To understand the academic, social and economic problems of the students.

3. To make efforts to raise the academic and social status of the students.
4. To convey various schemes of government and universities to students and parents.
5. To convey the information about the extracurricular activities in the college to the students and parents
6. To make parents aware of their child's academic progress
7. To increase the participation of parents in the process of Education

Parent contact and parent meeting

As per the National Education Policy (NEP-2020) a master program was planned for effective implementation with a view to imparting linguistic skills and basic competence to all students at the primary level from 2026 to 2027. It has been implemented in the college from many years by contacting all the students, by preparing class parents and by holding meeting or meetings of the parents to bring about interaction between the teachers and the parents. Giving information about the progress, creating awareness about the study activities, informing the parents about regular attendance and studies, and registering the participation of parents in the college activities are being discussed.

TEACHERS FEEDBACK :

Since 2008 our institute takes feedback of the teachers at the end of the session every year. All the teachers have to keep proper record in written form and have to submit it before management likewise parent of the class and its number, students parents contact , feedback on taught syllabus , seminar, parents gathering adopted students and spend amount on them, subject wise meeting record , participation in administrative committee, academic committee, research papers in conferences and workshops attended, extra classes , social activities, books purchased during the years etc. Everyone has to present record on above points. The record of all teachers information is collected together and published every year. Management encourages staff for doing innovative things. They hail teachers for their achievement like the award of Ph.D, Ph.D supervisors, BOS , Senate, various awards and other achievements. They appreciate them before staff by giving shawl shreefal and bouquet for the same. This way management takes feedback of the teachers and takes action on the suggestions made by teachers.

PARENTS FEEDBACK:

Principal has distributed classes among the teachers and they are expected to make contact with the parents to get proper information of the social and economic background of the students. At the same time teachers give information of the students' presenty progress and participation in various activities to the parents. If we find any students not in good economic condition we offer them scholarship or books.

This activity we run since long back. Teachers visit individually to their residence to get in touch with the parents. We have prepared a parent feedback form which includes name and contact number. Some questions are frame in such a way that help us get proper information of the students and their parents educational social and economic condition like. why did you choose our college to take admission ? Their opinion about the regularity of periods in college whether college organised programs benefitting to students career ? Suggestions also are welcomed for reformation in the facilities given to the students in sports, library, cultural programs etc.

In short we get valuable suggestions from parents and improve our services. Teachers collect these forms filled by parents and keep as a record every year. On such suggestion college takes appropriate actions for the betterment of the services.

We have made some changes as per the suggestion made by parents and students like better common room for the girls, dress code, more books from library, separate reading rooms for the girl and boys, more time for reading and new books of MPSC and other competitive examinations.
