Now a days students need guidance to crack competitive exams. In accordance with that, through the Department of Political Science, the former student of the college Mr. Pawan Khillare (passed the examination of Political Science, NET SET and Central Staff Selection) was organized. While guiding, he said that I myself is 95 percent blind and have passed exams that are considered very difficult. You are an all-round student, so you can crack any exam with ease. But it requires hard work and consistency in studies, if you follow the above mantra in your daily life, success is not far away from you. Also, the president of this program Hon. principal was Dr. Subhash Gavhane who praised Mr. Pawan Khillare on behalf of the college and appealed to the students to follow his example and face such exams. If you study and strive in the right direction, success is near you. This program was planned and proposed by Prof. Dr. Nagesh Gaikwad, while Ms. Sandhya Yangad and Ms. Shital Deshmane moderated the program. Prof. Vijay Wakode proposed the vote of thank for this program, while Prof. Dr. Pradeep Barad was also present. on this occasion, 47 students attended the program.

Banking Internship Programme

Introduction :-

The scheme of establishing a Career and Counseling Cell in colleges has been formulated to address the diverse socio-economic challenges and geographic backgrounds of the heterogeneous population of students coming to the Colleges vis-à-vis equity of access and placement opportunities through availability of appropriate institutional support information. Linguistic differences and cultural gaps among students also call for the setting up of placement cells.

Objective :-

Along with the academic and administrative processes in a college, Career and Counseling Cell has to be a dispensation of well-informed and interested teachers. It has to support the students in the development of soft skills and communication ability to challenge the rigors of competitive tests and on-job training in add-on or vocational courses. As a purveyor of healthy inter and intrapersonal relation it has to inculcate social values and ability to think independently for carrying out social responsibilities. There may be a team of teachers with different subjects and interests to create a homogeneous group to translate this vision and carry out its healthy functions as an institutional imperative.

The guidance and counseling cell in a college is a resource centre of information, guidance and counseling with free accessibility and internet based global connectivity and exchange of information on professional placements.

Function :-

- a) To gather information on job avenues and placements in different institutions and related to the courses that the college offers..
- b) To analyze information in the local, regional and national contexts to internships, explore its relevance and utility for the students on their internships, on job training and placement.
- c) To organize seminars and guidance workshops for informing students about their emerging professional trends and events, job profiles, leadership role, entrepreneurship, market needs and risks and implementation of national socio-economic policies and to impart training in soft skill
